

A gorgeous boutique villa on Lake Sarnen with 6 rooms for max. 12 guests, various adjoining rooms and beautiful garden with gazebo.

The perfect opportunity for a part-time or temporary job.

ALLROUNDER / BUSINESS ASSISTANT

for kitchen, service, guest care

It is not a hotel, yet functions as a highly professional accommodation business. The guesthouse offers the perfect setting for events (family celebrations, business lunches, workshops). Half board, snacks (packed lunches, snacks) will be provided for the house guests. If you like baking cakes, great!

My idea is that you are available by the hour and flexible in terms of time. You should have

- experience in the kitchen (incl. costing, purchasing) and in service,
- very good manners,
- be able to converse in German, English, French
- not be too shy to help out with the cleaning.
- The assignments are mainly in the evenings and also on weekends.
- Provide substitution during my absence.
- Start date by arrangement.

The ideal candidate would be someone who has a passion for the hotel and catering industry. There is no stress with me, which is why over-64s are also very welcome.

I offer a fair hourly wage with the usual social benefits. The opportunity to have a say in the design of the menu, decoration, etc.

Don't hesitate, call me right away and make an appointment for an interview. There is always a solution! I am looking forward to your offer.
